CAREER SUMMARY

Seeking a challenging and rewarding opportunity with an organization of reputation which recognizes and utilities my true potential while nurturing my analytical and technical skills in the field of Software Technology.

EDUCATION

2023 - 2025 | Kongu Engineering College | Perundurai
Master of Computer Applications - Computer Applications

2020 - 2023 | Kongu Engineering College | Perundurai
Bachelor of Science - Software System - 7.33 CGPA

2019 - 2020 | JKKattraja Matric Higher Secondary School | Komarapalayam
57.3%

2017 - 2018 | JKKattraja Matric Higher Secondary School | Komarapalayam
90%

PROJECTS

Integrating Blockchain and Stock Data for Predictive Modeling: A Convolution Neural Network Approach | January 2024 - Present

- This project combines stock price and blockchain data, employing a convolutional neural network (CNN) to predict stock prices, with evaluation based on metrics like RMSE and MAE.

GPT API | March 2024 - March 2024

- Developed a scalable GPT API for seamless integration of OpenAI's language model, react.js, enhancing user interactions and automating tasks with cutting-edge AI technology.

Mart For Metals using MERN | March 2024 - March 2024

- Managed online metal products shop, overseeing inventory, customer service, order fulfillment, and driving sales through strategic marketing.

Online Admission System | August 2023 - November 2023

- This project ensures that every detail related to the college admission process is managed properly. Students would find the process of enrolling for any particular course online rather than having to visit the actual place.

Mobile Application Development for Textile Shopping | January 2023 - May 2023

- This project is concerned with developing an android application which aims to expand the sales of clothes. This application helps to manage the cloth sales and maintenance.

COURSES & CERTIFICATIONS

- April 2024 | Java concepts, IOT Communication Technologies - Infosys Springboard
- March 2024 | C++ Tutorial, OOPs in Java, OOPs in Python - Great Learning
- December 2023 | Database Management System Part-1 - Infosys Springboard
- June 2023 - July 2023 | Python Training - Besant Technologies

AREA OF INTEREST

- Data Structure

SKILLS

- Work Planning, Team Management
- C Programming, Python, Java
